IN THE USA**

XXX SPECIALTY GEL ADHESIVE REMOVER

NEW

Part No.	Product	Size
77793	XXX Specialty Gel Adhesive Remover	20 oz. Aerosol

APPLICATION

1. Apply **XXX Specialty Gel Adhesive Remover** directly to surface or clean cloth. Apply enough material to adequately cover the contaminants.
2. Allow the product to sit until the adhesive is dissolved and wipe away contaminants.
3. Once contaminant is removed, re-wet once more and wipe dry in one direction with a clean, lint-free cloth.
4. If **XXX Specialty Gel Adhesive Remover** dries on the surface, re-wet and wipe dry completely.

! NOTE: Apply only to thoroughly cured two-component paint. Because **XXX Specialty Gel Adhesive Remover** is a solvent-based product and can damage soluble coatings, always test **XXX Specialty Gel Adhesive Remover** on an inconspicuous area before use.
